

Hospitality NL - *Clean It Right* Training Program

At a time when the tourism, hospitality and retail industries are reeling from the impact of COVID-19, some good news. Hospitality Newfoundland and Labrador is pleased to announce the launch of the, ***Clean It Right Training Program***, an online, self-study and virtual classroom training program to increase the safety of guests, visitors and workforce in the Tourism, Hospitality and Retail Industry.

The purpose of Clean It Right is not to replace the existing business's cleaning standards of practice; but to enhance it.

The goals of the Clean It Right training program are to:

- **help people who work in the industry** understand the significance of following the cleaning and disinfection procedures by adjusting current practices.
- **help re-gain consumer confidence** in the industry by making the commitment to provide a clean and safe environment for customers and employees.

A 100% pass rate is required to receive individual certification. Businesses who train all cleaning staff will receive a window decal to display. To register or training, please visit <https://hnl.ca/training/clean-it-right/>

"We're thrilled with the support we've received and pleased to launch this program to assist businesses as they reopen across the province," commented Steve Denty, Chair of Hospitality NL.

Clean It Right Training is supported and endorsed by provincial and national bodies including, Tourism HR Canada and the Retail Council of Canada.

Hospitality Newfoundland and Labrador, the Tourism Industry Association in Newfoundland and Labrador, represents tourism and hospitality operators in all sectors of the industry throughout the province. Formed in 1983, Hospitality Newfoundland and Labrador is dedicated to the development and promotion of the tourism industry in all regions of Newfoundland and Labrador. For thirty seven years, Hospitality Newfoundland and Labrador has pushed to "raise the bar" for tourism, insisting on standards, providing training and advocating to governments and other strategic partners, to work towards making tourism a viable sector for all areas of the province, and addressing issues that affect and impact our industry.
